

DIES FROM HEAT WHILE PHONING HIS MOTHER WARNING OF WEATHER

Advising Her Not to Meet Him
in City When He Falls in
Telephone Booth.

As he telephoned his aged mother at Larchmont, warning her of the possibility of her plan to come to New York during the hot spell, John J. Milles of No. 161 West Eighty-fourth street toppled over dead from heat in the telephone booth of a drug store, at Broadway and Eighty-fourth street, last evening.

The mother, Mrs. Mary E. Milles, who is eighty-three years of age, knew that something terrible had happened when she heard a crash come over the wire and then heard her son's voice no more. She is seriously ill to-day as the result of the shock.

Milles, who was employed in the office of a contracting company, had long planned to bring his mother to New York to live with him. Until he could prepare a place for her she had resided with her son-in-law at Larchmont. Recently Milles had surmounted all obstacles and it was planned that yesterday he should bring her to the apartment he had prepared on Eighty-fourth street.

When the mercury rose above 80 yesterday, so that he himself suggested, Milles decided that the coming of his mother should be postponed until cooler weather.

On his way from his office to his home he went into the drug store and called up his mother.

"Mother," he began, "you had better not come to the city now. It's not—it's sweltering—it's—"

Then came a crash, and when clerks in the store opened the door of the booth, Milles was found in a heap on the floor, lifeless. An ambulance surgeon said that death had been instantaneous.

Some months ago Milles suffered a severe attack of rheumatism and it is thought that his heart had become weakened, leaving him an easy prey to the excessive heat of yesterday.

NAMES ASTOR GUARDIANS.

Action Follows Executors' Request for Accounting of Estate.

Surrogate Fowler yesterday appointed A. Perry Osborn of No. 14 Wall street to act as special guardian for Miss Ava Alice Muriel Astor, and Orden Mills was named to represent John Jacob Astor 3d in the proceeding for a judicial settlement of the estate of Col. John Jacob Astor, who perished in the Titanic disaster.

Miss Muriel Astor is the daughter of Col. Astor by his first wife, while John Jacob Astor 3d is the son by his marriage with Miss Madeleine Force.

The accounting, which was asked by the executors, will show the administration expenses and the distribution of the \$60,000,000 Astor estate to date.

VARNEY OF VAR-NE-SIS FAME WILL OPEN NEW YORK OFFICE

Accedes to Demands to Meet Public in This City—
Famous Collection and Consultation Room
Feature of New Headquarters.

W. A. VARNEY, WHO OPENS NOVEL EXHIBITION IN NEW YORK.

W. A. Varney of Lynn, Mass., widely known as the discoverer of Var-ne-sis, the stomach and rheumatic remedy that has become so popular in New England, has opened headquarters in New York City. He has engaged a large suite of rooms in a central part of the city. One room is given over to the display of his famous collection of crutches and canes which have been exhibited in many cities. These are being added to from time to time by those who were crippled before taking the remedy. The name and address of the owner is on each article and Mr. Varney offers \$1,000 if they are not genuine. The walls of the display room are covered with photographs of people; Boston business men are represented as well as other prominent people.

A large reception leads off the exhibition room, which is furnished for every convenience and comfort of the patient; next to this is the doctor's consultation room, where a registered physician is constantly in attendance, and who devotes his entire time to rheumatism and stomach trouble free of charge for those taking Var-ne-sis. Mr. Varney said:

TO SAVE OLD ST. JOHN'S.

City Planning Committee Sees Way to Prevent Destruction.

The City Planning Committee reported to the Board of Estimate to-day that the city is prepared to save St. John's Chapel in Varick street from destruction if definite assurance is received within twenty days that the edifice is to be maintained for some public or semi-public use.

Varick street is being widened for the new Seventh avenue subway. Since it has been settled that St. John's will be affected by the widening there have been many protests. The ancient place of worship is considered a fine example of ecclesiastical architecture, as well as a sentimental landmark.

The committee reports that if the westerly sidewalk of Varick street is run under the chapel portico and the easterly sidewalk somewhat narrowed the beauty of the chapel will not be marred.

China Will Make Biggest Show. SAN FRANCISCO, May 28.—That China will have the largest display of any foreign nation at the Panama-Pacific Exposition, is the announcement to-day made by Thomas G. Stillemitz, Department Commissioner, after an official trip through the Orient. China has appropriated \$1,500,000 for its exhibit and has asked for 50 per cent. more floor space than could be given.

Bookkeepers and accountants

The rapidity and accuracy of your work depends very largely on the condition of your eyes; normal eyes can do an enormous amount of work without injury, but let there be a slight eye-strain to start with, and your work will affect your eyesight.

Have one of our Oculists (Registered Eye Physicians) examine your eyes at the first indication of eye-strain; a pair of "resting glasses" for use at close work only may save you future eye trouble.

If our Oculist (Registered Eye Physician) finds that you require glasses, and you elect to purchase them, we furnish Harris Glasses for as little as \$2 a pair.

"I want a chance for a heart-to-heart talk with every sufferer from rheumatism and stomach trouble. You are not asked for money or persuaded to buy anything. I am not going to make this a sales office. I want to come in closer contact with those taking my remedy, for I feel that every man and woman suffering from rheumatism in justice to themselves should see the mass of evidence I have and know that I am dealing in Truths. I want to meet the man that dares to dispute my statement that I have found a remedy for this dread disease. In my judgment there is not a case of rheumatism which can't be helped if not entirely cured by Var-ne-sis, and I hardly think you can doubt me when confronted with the evidence I will show you when you call at my exhibition rooms, which open to-day.

"Var-ne-sis is purely vegetable and is put up under the direction of a physician. I have also a registered physician who devotes his entire time to those taking or about to take the remedy. Consultation and advice is free of charge. New York exhibition and consulting rooms, 507 Fifth Ave., near 48d St. You should write for my interesting Journal devoted to the rheumatism. Address W. A. Varney, Lynn, Mass.

Var-ne-sis is for sale at Riker-Hegeman and all other reliable druggists—Advt.

ALL CARS TRANSFER TO "THE HOME OF TRUTH" Bloomingtondale
